Brandenburg, established in 1968, is one of the nation's largest demolition firms with a staff in excess of 600 full-time permanent employees. Brandenburg provides comprehensive asset retirement services for total plant closure as well as selective demolition designed to enhance the efficiency and profitability of ongoing plant operations. Brandenburg self-performs associated services including electrical and mechanical utility construction and relocation, equipment salvage and rigging, scrap management, environmental assessments and remediation, and site preparation.

In the commercial sector, Brandenburg provides demolition services for building owners and the real estate development industry. The company specializes in projects which present challenging operational constraints and has developed a proven track record of completing these projects on time and without incident.

Brandenburg's engineering and estimating staff provides diverse backgrounds and industry-specific knowledge to design and implement exacting operational plans which are responsive to customer needs. Brandenburg performs extensive project assessment and planning to develop contract terms and specifications which address the unique requirements of each project.

The company has maintained consistent and strong annual growth by focusing on customer service to develop and deliver engineered solutions for asset retirement. Comprehensive technical expertise in utilities, safety, and environmental operations enables Brandenburg to meet demanding project schedules.

Brandenburg is a total quality management company with ISO 9001 certification.

Brandenburg is committed to providing a safe work environment for our employees and our customers. Our commitment to safety has resulted in a workers' compensation experience modification rating of 0.59.

Brandenburg is the first demolition contractor to successfully complete OSHA's Challenge/VPP Program.
