

CHICAGO HOUSING AUTHORITY IMPLOSION

*The implosion of the CHA buildings in Chicago was the largest implosion ever performed in the city's history.*

**OWNER**

Chicago Housing Authority

**LOCATION**

Chicago IL

**FACILITY TYPE**

Six 16-story apartment buildings

**PROJECT BACKGROUND**

This was the largest implosion ever performed in Chicago. Six buildings, located on the city's southeast side, were imploded in a matter of seconds. The projects were completed without a single incident of property damage or injury.

**SCOPE OF WORK**

Design and implement a site wide asbestos abatement plan

Protect surrounding structures including adjacent commuter railroad tracks, an elementary school between two of the buildings, and a high rise senior citizen building

Recycle over 30,000 cubic yards of brick and concrete
